

## ***Basilicata....***

### ***Reach the new frontiers of happiness!***

*Feel the need to break away from the humdrum routine of everyday life? Basilicata is your ideal destination. Live your passions and regenerate body and mind immersed in nature and wilderness*

The General Director of the Tourist Board Basilicata, Antonio Nicoletti, will present the region as a place of happiness at a conference on 7 March 2023 at the ITB in Berlin.

The Basilicata, located in southern Italy, is a place to discover hidden passions and find true happiness. A region as a destination for a demanding and passionate tourism increasingly in search of unusual places far from the routes of mass tourism. Journeys between nature and culture, fairytale atmospheres, rhythms of captivating music, adrenaline-fuelled outdoor experiences. In this land you can experience strong emotions and regenerate in oases of peace.

The blue of the seas, the pure air of the mountains and parks, the wind while doing outdoor sports, the ancient culture of the villages and the creativity of the cities of art.

Unique landscapes make Basilicata a region for anyone in search of happiness!
